...

Ed Yardeni, founder of Yardeni Research: "We now are raising the odds of a recession from 30% to 40%." Christopher Goodney/Bloomberg

Still, it was quite the relief when the market finally managed to string together a few good days, enough for the Dow Jones Industrial Average **DJIA +1.76% ▲** to gain 6.2% for the week, ending an eight-week losing streak. After seven long weeks of declines, the S&P 500 index **SPX +2.47% ▲** rose 6.6%, and the Nasdaq Composite **COMP +3.33% ▲** climbed 6.9%. And that was reason enough for optimism.
