Charting the Global Economy: Inflation Winds Keep Blowing Strong

By [Vince Golle](#) and [Molly Smith](#)

September 17, 2022, 4:00 AM CDT

...

UK inflation remained close to a four-decade high and the economy barely expanded as industrial production and construction weakened. In Argentina, inflation shot up the most in three decades and prompted the central bank to raise its benchmark rate to a whopping 75% in an effort to prop up its currency.
