US Stock Gauges Log Longest Weekly Run in Years: Markets Wrap

- S&P 500, Nasdaq 100, MSCI World set eight-week winning streaks
- Interest rate-cut bets have been weighing on US dollar

After a choppy low-volume session ahead of the Christmas holiday, the S&P 500 notched an eight-week winning streak – the longest in more than five years. The Nasdaq 100 and a global gauge of equities logged equally lengthy runs – for the tech-heavy Nasdaq it was the longest since July 2021. US bonds booked a fourth-straight week of gains – their best streak since March.
