Dow Falls 700 Points. Stocks Are Sliding to Close Out the Week.

By [Connor Smith](#)

The stock market's slide picked up in afternoon trading.

...

The latest consumer sentiment numbers from the University of Michigan disappointed. Existing home sales and S&P Global's Flash US PMI Composite Output Index also came in below expectations.

The market is heading into a busier stretch next week with key tech earnings reports and an update on personal consumption expenditures price inflation. Given the latest worries about the economy and stubborn prices, the S&P continues to dial back from its record close on Wednesday.
