# Israel Goes to War Without Trump. The U.S. May Be Drawn in Anyway.

By [Matt Peterson](#) [Follow](#)

Updated June 13, 2025 10:47 am EDT / Original June 12, 2025 10:45 pm EDT

...

A full-scale war between Iran and Israel has long represented one of many geopolitical planners' worst-case scenarios. A conflict that damaged global oil supply or shipping would quickly reverberate in the U.S. and across the world by quickly raising oil prices and sending investors selling stocks for safe-haven assets.
